HERBAL LIQUOR MINIATURE

DESCRIPTION:

Our Herbal Liqueur is obtained from marc marc brandy macerated for three months with 33 different kinds of herbs, including camomile, palulu, lemon verbena, nutmeg, orange...

Once the maceration process is finished, it is slightly sweetened. Before being bottled, it undergoes a cold filtering process so that it never gets foggy or rainy in the bottle.

The resulting herb liqueur has a crystalline yellow colour and a soft aroma of wild herbs, menthol and citrus.

Finally, it is bottled in an original non-slip glass bottle, with a built-in spout, a natural cork stopper and a wooden head.

Content 5 cl. Alcoholic strength: 30 % Vol.
