MINIATURE CREAM LIQUEUR WITH ORUJO

DESCRIPTION:

Panizo Cream Liqueur with Pomace is a liquor obtained from pomace brandy mixed with the best cream.

The result is a Cream Liqueur with Orujo that surprises with its smoothness, its aroma (with memories of vanilla, condensed milk and cocoa) and its fine palate, which makes it an exquisite and very easy to drink liquor.

It has a light toasted colour and an original glass container that imitates granite.
